

# FAQ'S

## ***Is JAM cosmetics hypo-allergenic & safe for sensitive skin?***

A: Yes! JAM cosmetics is hypo-allergenic AND non-comedogenic (non-clogging to the pores). No more breakouts Monday morning after a competition weekend!

## ***Can you customize the new JAM dance makeup palettes?***

A: Yes! However, we do recommend the professionally pre-designed dance makeup palettes as they are the IDEAL colors for stage and ALL skin tones. Every dancer will look and FEEL beautiful from your lightest girl to your darkest girl...as they should!

## ***Will you keep the same colors from year to year?***

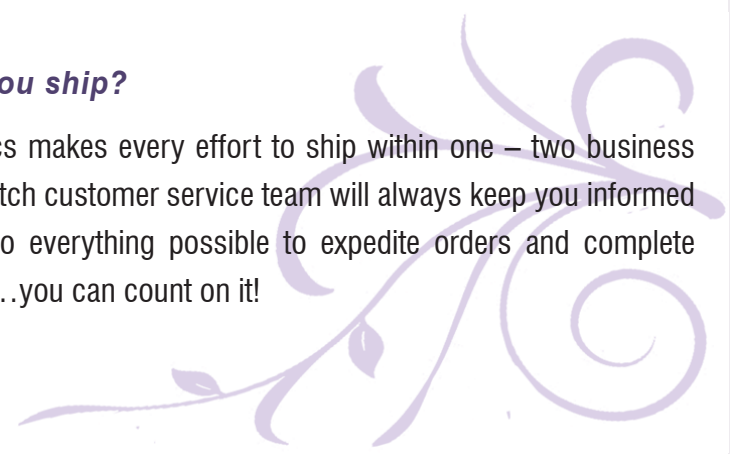

A: Yes! We will not discontinue colors being used in our dance makeup palettes. However, you can look forward to gorgeous, colorful additions in the future...because we are dance makeup addicts, too!

## ***Is there someone available to answer questions about the makeup or application techniques if we have an issue?***

A: Yes! Our Dance Makeup Experts are available via phone or email, M-F 11am – 7pm ET. Dancers, teachers, directors and parents can call or email us directly with ALL of their makeup questions.

## ***How fast do you ship?***

A: JAM cosmetics makes every effort to ship within one – two business days. Our top notch customer service team will always keep you informed of any delays, do everything possible to expedite orders and complete special requests...you can count on it!

JAM cosmetics | 2827 Kenwood Isles Drive | Minneapolis, MN | 55408

Every makeup question answered!

### **FREE Makeup Guide:**
